WHAT'S NEW

Draft Horse
Housed in the building that formerly occupied the Dick Veterinary Clinic, Draft Horse retained as many of the original architectural elements as possible, including brick and limestone walls and windows originally placed for horse stalls. A neighborhood restaurant, bar, and deli, Draft Horse features products made on site at Food Building from the Lone Grazer Creamery and Red Table Meat Co., along with grab & go sandwiches on Patisserie 46 baguettes, salads and soup.

Volstead House
A suburban gem, Eagan's Volstead House is located behind Bottles and Burgers. This swanky speakeasy setting features classic cocktails from the 1800's and early 1900's, as well as a great whiskey selection and tasty snacks.
