PROFESSIONAL PROFILE

Accomplished senior interior designer experienced with all phases of hospitality design projects who delivers high quality results and increased productivity through comprehensive work processes and attention to detail. Collaborative team member who successfully mentors staff at all levels, specializing in the documentation phase with demonstrated strengths analyzing and implementing solutions to complex problems. Diligent and dedicated high achiever with the proven ability to coordinate multiple projects simultaneously with various consultants and client contributors, while remaining mindful of both schedule and budget constraints. Creative professional proficient at developing the design story, creating marketing materials, and coordinating selections as part of the overall design process. Experienced development of custom FF&E elements including carpet, casegoods, and lighting, creating a unique statement for the overall design.
